PRESIDENT'S MESSAGE

Welcome to the 2019 edition of the King Business & Community Directory.

As the new president of the King Chamber of Commerce, I would like to say what an honour it is to serve such a great group of business people in such a unique place as King Township. The Township has seen many changes and growth over the past 42 years since I have

King Chamber of Commerce, President

been a part of the community. King Township has increased in both business and community but at the same time has held its country feel and spirit. Over the years we have seen many new families move into the Township and set up shop, which has given birth to several new businesses and entrepreneurs to serve the local people. This also encourages the many visitors who come to King to enjoy the beautiful landscape and culture of the villages and hamlets.

To help promote and find the many local resources available, we have developed this great tool, the King Chamber Directory. This is an excellent resource to help find your favourite businesses, places to eat, stores to shop for all supplies and household needs and adventures to discover right here in your own back yard.

I also want to thank all of our partners for their help placing ads and for funds to put the directory together. Thank you to our corporate sponsors and the Township of King, for their ongoing support of the Chamber and for this Directory. Their leadership has been the foundation to the success of the King Chamber Directory for local residents and businesses.

I would like to say once again, as has been said for years, we have a wonderful place to live, to shop, to work and play. Please use this directory to find that special place here in King Township.

Thank you,

Angelo Santorelli
President, King Chamber of Commerce

MAYOR'S MESSAGE

Township of King, Mayor

On behalf of Council and Staff, it is my pleasure to welcome you to the 2019/2020 Business and Community Directory, a publication created in partnership with the King Chamber of Commerce. This Directory provides information on over 550 businesses in King.

It's a fantastic resource if you're looking for information about King's local business community.

In keeping with the message to 'Shop Local', the directory is a useful resource for helping residents, businesses and consumers access local providers and suppliers of a wide variety of products and services.

Furthermore, it serves as an introduction to the community and is an invaluable tool for new residents, for those seeking employment, and for those interested in getting involved in the community through various organizations and community groups.

For anyone looking to start a new business or expand an existing one, we have many resources to help you, starting with our Economic Development Office. I'd invite you to start by visiting www.economiccking.ca. There you'll find resources like our Getting Down to Business guide, which will equip you with King Township specific information about starting or expanding your business in King.

You will learn about the unique characteristics of King, zoning and permitted use, and some of the programs and financial incentives that will help get your business off to a smart start.

That's just one of the many ways we're helping people start new businesses and expand existing ones.

That's because when businesses succeed in King, the rest of the Township benefits.

Steve Pellegrini
Mayor, King Township

YOUR VOICE FOR BUSINESS IN KING

The chamber is a voice for Businesses by lobbying the Township of King, York Region and other levels of Government and Government departments on behalf of local Business. This is especially valuable for Small businesses that don't have the resources to do this on their own. The chamber lobbied for changes to the sign By-law. The Chamber speaks for businesses on issues that businesses requested through a survey that the Chamber sent out, to find out which issues are important to business owners. For example, changes to the sign bi-law and for changes to Holiday Hours that businesses in King Township are allowed to be open on Holidays

EXPERIENCE THE OUTDOORS AT THE COUNTRY DAY SCHOOL

Imagine running through rolling hills and wetlands, locating fossils, butterflies and hummingbirds. Reading poetry under an oak tree. Launching a rocket into the big blue sky. Is the sky the limit? Not around here it isn't. We simply give our students a massive playing field to seek out their own magical answers to the question,

WHO WILL YOU BE?

EEK Farms is owned and operated by William and Avia Eek.

Bill's Great Uncle, William Valenteyn, was one of the first settlers in the Holland Marsh in 1934, making Bill the 3rd generation to be farming in the Specialty Crop Area, world renown, as the Holland Marsh.

We are proud to be stewards of the land, feeding people locally, provincially, nationally and around the world with our carrots and onions.

Taste the difference of vegetables grown in our organic based soil--soil matters!
